Opportunity to acquire international exposure through International Internship program at UAE. Project Based Learning under the guidance of various professionals from Logistics Industry. To understand International standards and explore career opportunities at UAE. UAE has a unique combination of fast-growing economy, people from different backgrounds and experiences work together to achieve collaboration with merging of skills.

Cross-Cultural  
Skills  
& Sensitivity

Networking

Understanding  
International  
Standards

Hands-on  
Experience

## Why We are Different ?

---

Our programs seek to impart systematically the core concepts and competencies necessary for effective leadership in today's complex and interdependent logistics environment.

Through a series of foundation and specialized subjects in logistics, the program curriculum has provided a detailed exposure to the logistics domain.

As part of the curriculum students opt for unpaid internship at UAE for 60 days or 90 days in India, to apply the ideas learnt in a conceptual environment of the classroom to practical workplace and will be on our educational visa.

## What You Get ?

---

**KNOWLEDGE** – GML is a center for academic excellence in logistics and shipping domain and offers all students with world class education, dynamic student experience and transformative internship.

**GO BEYOND UNEXPECTED** - With Optional international internship at UAE, you enter the gateway to global career through Good Ocean Maritime. Classroom training with Internship provide you with opportunity to apply the ideas learnt in the conceptual classroom at internship and makes you eligible to join the Indian and the International workforce.

## Why Choose Us ?

---

Good Ocean Maritime is one stop solution for Logistics and Shipping Programs. All our study centers are located at port city and we provide blended training i.e. Classroom Training and Industrial Visits. The strategic location of our centers facilitate project based learning.

We aspire not only to provide education but also to develop individuals who can take forward confidence and leadership qualities as a gift when stepping in outer world. We are known for excellence in Logistics and Shipping education in various academic and industry circles and it helps students gain an insight in domain and learn from the diverse experience of handpicked faculty.

## Why Internship ?

---

Internship is an educational experience integrating course work in real – world settings, more effectively preparing students for their professional career.

Experiences and exploration of work place culture assists in developing professional experience in a structured, nurturing environment.

International Internship provides cross cultural skills, international exposure and build a network of contacts globally.
